Something new at Air Tahiti! Over 2016, the airline is going to completely change out seats onboard its ATR aircrafts.

Weighing in at just 4 kg, the revolutionary "Titanium Seat," the lightest in the world, will enable an estimated weight savings of 450 kg per aircraft, thus increasing their carrying capacity.

## Tahiti, Passenger Pick Up/Drop Off at Tahiti Airport Motel

Note! The private access road to the Tahiti Airport Motel is particularly steep and narrow, so it is impossible for the vast majority of minibuses and large capacity buses to get to the motel Reception desk.

Because of this, passengers are picked up/dropped off at the entrance to the property.

Subject to availability, the motel staff will help passengers to bring their luggage. Customers wishing absolutely a Pick Up/Drop Off at the motel's Reception desk are invited to book a private transfer, in which case a suitable vehicle will be provided. Otherwise, other establishments with similar rates and access to the Reception desk are available: the hotels Sarah Nui and Tahiti Tiare, both located in Papeete, about fifteen minutes from the airport.

Please excuse us for this inconvenience beyond our control, and we thank you in advance for your understanding.

## Moorea, Dolphin & Whale Watching Expedition by Dr. Michael Pool

The days of the Dolphin & Whale Watching Expedition with Dr. Michael Pool are now limited to Monday and Thursday mornings throughout the year, except December 25th.

(Note that this provider does not pick up at Pension Linareva)

Alternatively, we offer at an equivalent price, the Mahana Dolphin & Whale Watching Expedition, available every day of the week except Sunday. No cetacean specialist, but an extra stop, if time allows, for a swim with stingrays before returning to the hotel.

## Air Tahiti 2015 & 16 – Note on Round Trip Child & Infant Airfares

Please note that the Round Trip Airfares for Children and Infants in our Air Tahiti 2015 & 2016 rate grids are only applicable if the return flight is taken in the same rate season as the first flight, and that the Child/Infant has not changed age bracket on the date of the return flight.

If these 2 conditions are not met, the flights must be quoted with Child/Infant One Way airfares, taking into account the rate season and the exact age on the date of each departing flight.

And lastly, a video you can't miss! It has gone around the world, with 18 million views in just a few days: a splendid crossing of the landscapes of Tahiti by motorcycle on land... and even on the water!
